

## Maureen Busby Oster, CFA Managing Director

Maureen is one of the female pioneers in the industry, having spent over 40 years managing a diverse range of funds and fund managers. As the president of a small family of funds in a period of explosive industry growth, she kept her funds competitive in terms of both investment performance and shareholder communications. As a manager and later trustee for one of America's largest public pension funds, she chaired the committee of the board that instituted an incentive compensation system. She also chaired the board committee that brought international holdings into the portfolio for the first time, far ahead of other public pension funds. Maureen is a member of the firms' Investment Policy Committee, and Institutional, Fixed Income and Equity Strategy Groups.

Maureen has generously contributed her time and talents to many foundation boards and in her industry. She

serves as a trustee for Cardinal Stritch University and as a member of the Advisory Board of Marquette University's Business School. In addition, Maureen is a member, past president and director of the CFA Society of Milwaukee, is on the Board of Directors of the Wisconsin Policy Research Institute and has served on the Regional Ethics Committee and U.S. Advocacy Committee of the Institute of Chartered Financial Analysts and was an officer and director of the No-Load Mutual Fund Association.

Maureen provides her insights through a quarterly investment letter, *Perspectives*, and writes about investment issues for the *Journal of Pension Benefits*. She has spoken on numerous occasions as part of continuing education seminars at CFA Institute conferences and to clients and memberships of numerous companies and associations.
