BRIAN ANDREW, CFA TO PRESENT AT THE 2013 LEADINGAGE OHIO ANNUAL CONFERENCE AND TRADE SHOW

Brian Andrew, CFA, Chief Investment Officer of Cleary Gull Advisors Inc., is scheduled to present at the 2013 LeadingAge Ohio Annual Conference and Trade Show on September 11, 2013 at The Greater Columbus Convention Center in Columbus, OH. The session is scheduled to run from 4:45-5:45 p.m. EST. His presentation, titled *Business Asset Strategy*, will answer the question, “How should a senior living organization include its broader assets in its investment strategy and portfolio asset allocation?”

Senior living executives in attendance will learn how to include assets such as real estate and secondary business ventures – home healthcare, pharmaceutical or physical therapies - as “alternative investments” when determining an asset allocation and investment strategy. The presentation is designed to help executives:

- Make better capital planning decisions
- Take more appropriate portfolio risks
- Understand how their organization’s investment portfolio will respond

Mr. Andrew will incorporate relevant findings from the yet to be officially released *Cleary Gull Advisors Inc. 2013 Senior Living Asset Allocation Study*. This annual proprietary study provides a useful tool to gain valuable insights into what industry peers are doing within their investment programs, their outlook for the future and near term positioning they expect to take.
